

Accessing Britannica

STEPS

1. Go to: school.eb.co.uk/
2. Bookmark the link (or add to your Favorites) so that you can access Britannica quickly in the future
3. Enter the School Access ID and School Passcode given during class; you should only have to do this the first time you access Britannica

The screenshot shows the Britannica School website interface. At the top, there is a blue header with the Britannica School logo and a '250' anniversary badge. Below the header, a welcome message states: 'Welcome to **Britannica School**, a safe, up-to-date, and age-appropriate information resource for Primary, Middle and Secondary School.' This is followed by a paragraph: 'Discover encyclopedia articles, multimedia, primary sources, games, and other learning resources that support student research, classroom exploration, and curriculum standards.'

There are two light blue callout boxes. The first is titled 'Not a subscriber yet?' and contains the text: 'For more information about the *Britannica School* service and to request a trial please [visit our website](#). Alternatively please contact our Sales Team on 0044 207 500 7800'. The second is titled 'Learn More' and contains two links: 'Watch Video' (with a right arrow icon) and 'View Resources' (with a right arrow icon). The 'Watch Video' link has a subtext: 'Take a video tour of the *Britannica School* website features.' The 'View Resources' link has a subtext: 'Find new ways to engage with free resources for the classroom and home.'

On the right side, there is a blue box titled 'Access Britannica School' with a help icon. It contains the text: 'If you have come to this page we have not been able to identify your institution. Current subscribers can **contact us** for access assistance.' Below this, it says: 'Administrators can enter the school **Access ID** and **Passcode** below.' At the bottom of this box, there is a login form with three input fields: 'School Access ID', 'School Passcode', and a 'Continue' button. A red circle highlights the entire login form area.
